Good Morning. This FOIA is requesting any documents (created since August 1, 2017) describing or related to: (1) meeting between representatives of the Northwest Pulp & Paper Association and EPA relating to water quality standards in the State of Washington and (2) a meeting between Spokane Mayor David Condon and EPA relating to water quality standards in the State of Washington. There were only three responsive documents from the electronic and hard copy search. I have attached the three redacted documents. There is nothing noteworthy or controversial in any of the documents. Please advise as to release.
